CERTIFICATE OF ANALYSIS

Product: **Super Feast Reishi Powder 250g**

Sponsor: **Jems Superfoods**

Batch No.: **2287**

Pack Size: **250g/bag**

Units produced: 

Date of Manufacture: **DEC 2025**

Expiry Date: **NOV 2027** when stored in bottle at below 25°C and protected from light.

Dosage Form **Powder**

TEST	SPECIFICATION	RESULT
Appearance	A fine, brown powder	Conforms
Ganoderma Lucidum (Reishi) mushroom concentrated dry extract (10:1) in 70% Ethanol: 30% Purified water Equivalent to dry Mushroom 10g/g	10g/g (90 to 120% of stated amount) not assayed	QBI
Micro Tests		
Total Aerobic Microbial	10 ⁴ cfu/g maximum	Rotational
Total Yeast and Mould	10 ² cfu/g maximum	Rotational
Bile-tolerant Gram- Negative Bacteria	10 ² cfu/g maximum	Rotational
Escherichia coli	Not detected/g	Rotational
Salmonella	Not detected/10g	Rotational
Staphylococcus aureus	Not detected/g	Rotational
Elemental Impurities		
Arsenic (Inorganic)	NMT 1.5 ppm	Complies
Cadmium	NMT 0.5 ppm	Complies
Lead	NMT 0.5 ppm	Complies
Mercury	NMT 1.5 ppm	Complies
Pesticide Residue	Absent at ppb level	Rotational
Aflatoxins (subtotal of B1, B2, G1, G2)	20 ppb maximum	Rotational

9 - 11 Antill Street, Yennora, New South Wales 2161, Australia

Residual solvents: All raw materials in this product have been assessed and verified to be compliant with Ph Eur 5.4, and no solvents are used during the manufacturing process, so the further testing is not required.

The first 3 batches of finished products will be tested and then as part of a rotational testing program 1 batch in every 10 batches manufactured or annually. If the order is <10 batches every year, full testing can be conducted at least one batch every two years.

QBI: Quantified by Input
